(d) No, Sir.

(e) Does not arise.

Gap between consumption and production of fertilizers

729. SHRI KAMAL MORARKA: Will the PRIME MINISTER be pleased to state:

(a) what is the estimated gap between projected consumption and estimated production of fertiliser during the Eighth Five Year Plan;

(b) the estimated value of foreign exchange outgo to import fertiliser to meet the gap; and

(c) whether Government have chalked out any strategy to narrow the gap between the Eighth Five Year Plan?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI CHINTA MOHAN): (a) On the basis of production from the existing plant, production to be available from the projects currently under implementation and the projects for which gas has been allocated, the likely gap between projected consumption and estimated production in the terminal year of the Eighth Plan (1996-97) would be about 19.65 lakh tonnes in the case of Nitrogen and about 22.21 lakh tonnes in the case of Phosphate. The entire demand of Potash will have to be met through imports as there are no known exploitable reserves of Potash in the country.

(b) The value of foreign exchange outgo for import of fertilizers will depend upon the quantities of various types of fertilizers to be imported during the respective years and the prevailing international prices.

(c) Yes, Sir.

उर्वरकों का उत्पादन और उनकी खपत

730. **श्री अजीत जोगी :**

श्री राजू भाई ए० परमार :

क्या प्रधान मंत्री यह बताने की कृपा करेंगे कि :

(क) पिछले तीन वर्षों के दौरान और चालू वर्ष में अब तक देश में उर्वरकों का प्रति वर्ष राज्यवार कितना-कितना उत्पादन हुआ और कितनी-कितनी खपत हुई है ;

(ख) इसी अवधि के दौरान उर्वरकों के आयात पर प्रतिवर्ष कितना-कितना व्यय किया गया है और 1992–93 के दौरान उर्वरकों के आयात के लिए कितनी धन-राशि की आवश्यकता है; और

(ग) देश को उर्वरकों के उत्पादन में आत्मनिर्भर बनाने के लिए क्या-क्या कदम उठाए जा रहे हैं ?
